All credit granted for Study Abroad programs will be in Clinical Studies units, and will be entered as such on the student’s official transcript.
Completion of Work
In order to obtain credit for Studies Abroad, the Registrar at Monterey College of Law must receive an official transcript sent directly from the issuing institution. This transcript must indicate the semester in which the course was taken, course name, credits granted and grade received. The student is responsible for requesting and paying for the transcript.

Grading
Students will receive a grade of Pass or Fail for courses completed through a Study Abroad program. The final grade will be determined by the Monterey College of Law Dean based on information provided in the official transcript submitted at the completion of the course. No grade or credit will be given until and unless all required documents have been received.
