

CLINICAL PROGRAM REQUIREMENTS & GUIDELINES

Please review your degree requirements and this course catalogue *before* filling out the Clinical Course Application.

Your registration application is due **MONDAY, April 4th, 2025**. All applications will be reviewed after the deadline, without regard to the order in which they were received. Accordingly, please take your time in carefully reviewing these materials and preparing your application. You are only registering for the SUMMER 2025 semester at this time.

All courses in this catalogue are 1 unit. All courses meet on Zoom and are open to students at all campuses, unless otherwise mentioned.

Please note that “Core Mediation” is a required course for all students. You may enroll in Core Mediation after completion of all first year required courses. Core Mediation is not part of the Clinical Course Application, so you may register for it on your own, in Populi.

If you have questions, please email Clinical Program Director Lety Perez (lperez@montereylaw.edu).

<p>JD Degree Requirement, All Campuses</p>	<p>Please consider the following Guidelines when deciding what clinic classes to take:</p>
<ul style="list-style-type: none"> • Core Mediation (2 units) • 2 additional clinical units 	<ul style="list-style-type: none"> • <u>You Have Options</u>: Your 2 additional units made be satisfied by taking clinics (listed below) and/or by completing an approved Internship. • <u>Be Prepared</u>: We <i>strongly encourage</i> you to take “Introduction to Community Legal Services” (ICLS) before enrolling in <i>either</i> a clinic or a Mediation Practicum class. • <u>Mediation</u>: We have ONE mediation practicum class for the Summer: MCL Mediation Practicum. It is open to students from all campuses and meet on Zoom. You must complete Core Mediation before taking a mediation practicum class. In addition, as noted above, we strongly encourage you to take ICLS beforehand. The MCL Mediation Practicum involves more independent work, making it an advanced course. We recommend taking other clinics first before taking the MCL Mediation Practicum. • <u>Internships</u>: Completing an internship with a court, law firm, or agency is a great way to get legal training and build connections with your local legal community. Internships are also an opportunity to demonstrate your talents and skills as a future attorney. Successful interns sometimes even receive job offers! But a mediocre or unsuccessful internship could have the opposite effect. We <i>strongly encourage</i> you to complete other clinical courses at school before applying for an internship. Internship Program Guidelines, Instructions, and Forms can be found in the “Forms & Policies” section of the school website. • <u>Make It Your Own</u>: Whether you want to try everything, or build experience in a particular area, we encourage you to start planning your clinical education goals early. If you have questions or concerns, or want some advice, you can ask Clinical Program Director Lety Perez (lperez@montereylaw.edu), your academic advisor, or any of your professors. We’re here to help you make the most of your time as law students!
